6:00 p.m. to 7:30 p.m. - 2 parallel sessions to choose from:

How to reach people with AJAX

Brian H. Prince, Architect Evangelist, Microsoft

John Kellar, Systems Architect, Compuware; Microsoft MVP

Users are demanding more and more from their web applications. They want a richer and more responsive experience. Brian will talk about the features in ASP.NET and Visual Studio 2008 that will help your development team deliver these solutions better and faster than before.

Exploring C# and LINQ

Bill Steele, Developer Evangelist, Microsoft

Gain an understanding of some of the many features C# 3.0 has to offer. Learn how you can leverage Language Integrated Query (LINQ) in your applications? This presentation will demonstrate practical uses of the new C# 3.0 features along with overviews of LINQ to Objects, LINQ to SQL and LINQ to XML

7:30 p.m. to 8:00 p.m. - Questions and Answers
